

Intercept Boundary Waters Expedition

Family Seminar Information

OVERVIEW, TRAVEL, ACCOMMODATION, AND DIRECTIONS

The Outward Bound Intercept Family Seminar is as much for you as for your child. We strongly encourage all parents or guardians who live with the student to attend the Family Conference, but only one parent/guardian is required to attend. This document includes an overview of the Seminar, general reminders, travel information, directions, and accommodation suggestions. Please read this document thoroughly and contact your Course Advisor if you have any questions.

The Seminar will focus on how your family can best support one another as your child finishes their Outward Bound course and transitions home. The seminar is crucial to the success of the Intercept Program, and your choice to participate demonstrates a strong commitment to that success. Thank you for your involvement, and we look forward to meeting you at the end of the program.

FAMILY SEMINAR OVERVIEW - The Family Seminar accounts for the last three days of your child's Outward Bound course and will include a series of interactive workshops, activities, presentations and discussions. It will culminate with a family conference facilitated by Outward Bound staff and a graduation with the student group. The objectives of the Family Seminar are to:

- Provide you with a mini Outward Bound experience so you can better understand your child's experience.
- Connect with other parents, guardians, and families.
- Share specific information about your child's experience and stories from their expedition.
- Share tools, techniques and lessons that instructors employed during the expedition. We will also discuss how your family can employ the same or similar tools at home.
- Begin a plan for your child's transition home.

Note: You will not see your child until the second day of the Seminar as they will be engaged in volunteer service projects. Also, during the seminar your child will spend each night with their group. Students are not permitted to leave the Seminar to go to hotels, restaurants, etc. You will travel home with your child on the final day of the Seminar following graduation.

Day 1: During the first day of the Family Seminar you will meet your child's instructors and the parents of the other students. You will participate in lectures, interactive lessons and activities in the morning and afternoon. In the evening you will have one hour to engage in an in-depth conversation with one of your child's Outward Bound Instructors. This meeting is intended to update you on your child's experience and help prepare for the reunion and family conference the following day. The purpose of the first day is to equip parents with a better understanding of their child's Outward Bound experience, where they struggled and thrived, what progress they made, and what struggles they may face while transitioning home. By the end of the day you will have learned the same communication, decision making, and anger management lessons that the Instructors taught your child during the expedition, giving you a common vocabulary to use the following day when you reunite with your child.

Day 2: This is the day you will reunite with your child! This day your child and their group will give a short presentation about their experience. You will have the opportunity to participate in some activities together with

your child and with the other families. Individual family conferences are scheduled throughout the afternoon. You will have one-and-a-half hours scheduled to have a conversation with your child that will be facilitated by one of their Instructors. This conversation will touch on some of the issues from the past, but is intended to retain a focus on the future. It aims to be the beginning of a conversation that you and your child will continue in the days and weeks to come. It will allow you to reconnect and to begin making a plan for your child's transition home.

Day 3: On the final day, we will begin with conversations and course closure with the large group of parents. Then there will be a graduation ceremony for your child and their group. The graduation ceremony is an important part of your child's course as it provides recognition of their accomplishments at Outward Bound and acknowledges the transition and challenges ahead. You will travel home together with your child on this day.

WHAT TO BRING - It is important that you arrive prepared with:

1. **Workbook:** This must be completed and printed. You will receive a link to the workbook the first day your child is away. This workbook is your daily "homework" while your child is away. It provides you a parallel experience to that of your child's Outward Bound course and is intended to keep you connected with the experience as well as prepare you for the Family Seminar.
2. **Letter to your child:** You will find guidelines for crafting this letter in the "Week 3" section of the workbook (For the Semester course you will find guidelines in the "Week 7" section).
3. **[Narrative Request Form](#):** The Narrative is a written account of your child's Outward Bound course written by their instructors. This document can be provided to parents, schools, bosses, therapists, colleges etc. Click the link above to confirm the email addresses to which you would like us to send the narrative.

Note: Please do not bring gifts, treats, mail, or electronics for your child. After an extended period in the wilderness these items have a great influence on students and can greatly distract from the overall goals of the Seminar. Please hold these items until after Graduation.

WHAT TO WEAR - Please dress in whatever is comfortable for you. Activities at the seminar are non-strenuous and primarily indoors. We recommend casual, comfortable clothes and shoes. Please note that Northern Minnesota

can have very unpredictable weather. Bring clothing for chilly and rainy weather (sweatshirt, sweater, raincoat or jacket), as well as lightweight clothing for warmer weather.

Travel to/from the Family Seminar:

Please make no travel arrangements until your child has been medically approved for the course.
